IT WAS CERTAINLY A "BIG DAY"

THE CROWD AT THE FAIR YESTERDAY ESTIMATED AT 10,000 TO 12,000

The Racing Very Fine Especially the Free For All Race—The Fair Pronounced by All a Great Success—Will be Some Fine Racing Today.

Thursday is generally known as the "big day" of fair week and the crowd that attended the fair on yesterday showed that Thursday was veritably the big day. An enormous crowd attended the fair on Wednesday, the number being estimated at ten thousand. The crowd on yesterday many thought exceeded this, the estimates ranging from ten to twelve thousand. Everybody looked happy and like they were enjoying themselves. Many were watching the races, others taking in the midway and large numbers were viewing the different exhibits.

One of the most interesting exhibits is a handsome and massive table the top of which is made out of the different specimens of trees found in this county. This table is the property of Mr. J. E. Landreth. Each piece of wood is about an inch and a half by two inches and the name of the tree is written plainly on each specimen.

There are some of the finest exhibits of live stock ever seen in the state. The herd of black angus cattle is very fine and on account of this breed not being so common in this state they were attracting considerable attention.

The racing on yesterday was excellent, especially the free for all race. O. M. C. a horse with a 2:10 mark for a mile track, won the "free for all" race the fastest time being 2:17 1-4. Those who knew of this horse's speed had no idea any of the horses entered would give him a close race. Honest Joe, driven by Mr. Dyer, gave him a hot [illegible] and Honest Joe in the home stretch dashed from third place to second and almost abreast of O. M. C. an outburst of applause went up from the grand stand.

The unfinished 2:22 trot brought over from yesterday was won by Kate Campbell, owned by Snow and McCreary. Time 2:28 1-2.

2:27 pace—Pal Medium, owner, Will Reynolds, driver Geo. T. Dyer, Golden Thorn, owner, M. H. White, driver, Sie Smith, Mary M. owner T. F. Collins, Driver W. Boswell. Golden Thorne wins first heat, Pal Medium second, Mary M third, time 2:23 1-2.

Second heat won by Pal Medium, Golden Thorne second, Mary M 3, time 2:23 1-4.

Third heat won by Golden Thorne, Pal Medium second, Mary M. third, time 2:22 1-2 .

Fourth heat, Golden Thorne wins the heat and race, Pal Medium second, Mary M third, time 2:23 3-4.

Free For All—O. M. C. owned by Frank Hoen, of Baltimore, driver Wm. Nicholson.

Walter S., owner, Mr. Perry, of Norfolk, driver, C. Steele.

Lewis Purcell, owner S. P. Clay, driver C. A. Pusey.

Honest Joe, owner, M. Doyle, driver, Geo. F. Dyer.

First heat, is won by O. M. C.

Walter S. second, Lewis Purcell, third, Honest Joe 4, time 2:17 1-4.

Second heat won by O. M. C. Honest Joe second, Lewis Purcell third, Walter S. fourth, time 2:17 1-2.

Third heat, won by O. M. C., Honest Joe, second, Lewis Purcell third, Walter S., fourth. Time 2:18 1-4.

The following will be the races for today:

2:17 pace—Entries, Honest, Joe, The Spaniard, Madam Nordica Branch, and Mary M.

2:20 trot— Entries, Petronell, Estuary, Queen Bess, Lady Thelma, Trib Gentry, Sam Patch and J. R. Syrcle.

The 2:20 trot will be one of the finest races of the fair and the fact that two of the best horses entered for the race are owned by Grenesboro men makes it of special interest. Queen Bess is owned by Mr. Garland Daniel and Trib Gentry by Col. W. H. Osborn.

Plans In Behalf of Young Women Being Laid.

The citizens of Greensboro will be glad to learn that the Young Women's Christian Association, organized last April is laying plans to do great things for the young women of our city. The general secretary, Miss Elizabeth Moore is an enthusiastic Association worker and has already added new impetus to the work.

Our association has the advantage of being affiliated with the American committee with headquarters at Chicago. Miss Emma Hays is one of the strongest secretaries sent out by the American committee. She will spend several months with the Southern Association and will be in Greensboro Oct. 15th to 20th.

Miss Hays will talk to the young women at Proximity Mills Friday evening Oct. 16th, Saturday noon at the cigar factory, and Saturday evening at Revolution mills.

On Saturday afternoon at 3:30 o'clock in the First Presbyterian church Miss Hays will address the women of Greensboro on city association work. It is to be hoped that every woman of Greensboro, young or old, will take advantage of hearing this address, for it is not every day that they will have opportunity to hear a woman of such ripe experience speak on a subject that is of such vital importance to the young women of our city.

Miss Hays will meet the board of directors Monday afternoon at 4 o'clock in the association rooms and plans are being made to have her meet the association members Tuesday evening in the central rooms.

A DESERTED CHILD

Found Yesterday Afternoon at The Fair Ground

A little boy, who looked to be not over three years of age, and who had evidently been deserted by his parents, was found wandering around in the fair grounds yesterday. When the child was found he was in front of the grand stand. The little fellow's face was bathed in tears and it was indeed a sad spectacle to see his forlorn countenance. He was badly frightened and was inconsolable [illegible] and anything about him.

The fact of there being a lost child found on the grounds was announced from the judges stand but no one appeared to claim the child. Mr. Hanna, one of the foremen at the White Oak Cotton Mill, said he would take the child and care for him. The kind hearted man bought the little fellow some candy and did everything in his power to pacify him.

Th child was neatly dressed and was very intelligent looking for his age. It is supposed that he was carried to the fair grounds on yesterday morning and deserted.

BOUND OVER TO COURT

In Default of a $250 Bond Mason was Placed in Jail.

Mason, the white man charged with making an attempt to steal a diamond scarf pin from a Mr. Hay on Wednesday afternoon, was given a preliminary trial before Squire Wolfe yesterday afternoon. Mason waived examination and was bound over to court under a $250 bond in default of which he was placed in jail to await trial at the next term of superior court.

Mr. G. S. Bradshaw was Mason's attorney. A good many people thought Mason had a partner in the business and he would put up the bond, but if the fellow had any friends they failed to make their appearance yesterday.

An Intelligent Parrot.

Many interesting things happened at the races yesterday, but one thing in particular attracted considarble attention.

Ted E. Faust, the minstrel man and acrobat, is the owner of a trained parrot that is certainly a wonder. The bird can talk almost like a human. It has the power of prophecy, and is never failing in picking winners at the track. Mr. Faust likes to plunge and he bets as his parrot tells him.

Yesterday he let the parrot perch on the bookmaker's stand. The dignatory of the stand cried out the horses, and the odds. The parrot called out the names of two horses. Mr. Faust placed his money accordingly, and the horses won and the parrot, and its owner were ahead financially.

C. L. Downs, a promiment horseman of Richmond, offered Mr. Faust $500 for the parrot, but the offer was declined. Love nor money couldn't get that bird from the minstrel man.

A BRILLIANT RECEPTION

At the Merchants and Manufacturers' Club Last Night.

In the elegant club rooms of the Merchants and Manufacturers' Association a most elaborate and beautiful reception was given last night complimentary to the many visitors now in the city. This was perhaps the most largely attended reception ever given by the M. & M. Association and without doubt one of the most pleasant. It was a beautiful scene with youth and beauty in their most brillinat togs with just enough of the elderly and the quiet and the staid to make a harmonious whole.

The guests were received by Mr. Robert Douglas and Mr. J. W. Lindau of the board of governors, Mrs. J. W. Lindau, Mrs. E. R. Carter, Mrs. E. W. Myers and Mrs. Fisher.

During the course of the evening delightful refreshments were served and dancing was indulged in by many of the guests, music being furnished by Williams' orchestra.

MAUDE ADAMS BACK ON STAGE.

Syracuse, N. Y., Oct. 14.—Before a large audience Maude Adams tonight made her first appearance on the stage after a year's rest. That she has recovered was apparent before the end of the first act of "The Pretty Sister of Jose," Mrs. Frances Hodgson Burnett's new Spanish play. For any woman to rehearse as Miss Adams did for the past two days and then carry out her work with the fresh naturalness that marked her efforts showed fine physical and mental health.

The play tells the romance of Pepita, a beautiful Spanish girl, who scoffs at love, but is finally conquered by a mata dor, Sebastiana. Miss Adams' part calls for simple costumes of rich coloring, and mingling with the warm tones of the stage settings she presents an attractive picture. Her acting was as good as in former years.

INJURED MAN COULD NOT BE FOUND.

The police were told last night that a man was lying in the road near Hutton's store covered in blood. Several officers hitched up the patrol wagon and went to the place named but no man could be found. It was learned that a man was hurt in that part of the city last night, but no one seemed to know who the man was or how he was hurt.

TILLMAN ACQUITTED

This Ends One of the Most Noted Ever in the South.

The jury in the Tillman case returned a verdict on yesterday morning at 10:30 o'clock of "Not guilty." This has been one of the most noted murder trials ever known in the south. The facts in the case are familiar to all newspaper readers. Tillman and N. G. Gonzales, editor of The State, a paper published in Columbia had both made bitter remarks about each other. Last Spring Tillman met Gonzales on one of the streets of Columbia and shot him inflicting a mortal wound. The opinion generally expressed on the case before the trial was that Tillman would go free. He had many friends in South Carolina anad he was one of the most prominent men in the state being Lieutenant Governor when he shot Gonzales.

The case was given to the jury on Wednesday afternoon.

CLIMBED OVER THE FENCE

Result Was Tickets to the Fair Cost $2 50 Instead of 50 Cents.

F. J. Long and W. H. Durham, two young white men, were arrested at the fair grounds yesterday for climbing over the fence into the grounds. The case was tried before Squire Wolfe at the fair grounds. The young men were released by their paying for a ticket to the fair and the cost. This made the admission cost each of the men about $2.50 instead of fifty cents.

The men were indicted under a law passed since last years fair making it a misdemeanor for any one to enter the fair grounds by climbing over the fence or gaining admission in any way except the manner prescribed by the fair association.

STREET CARS COLLIDE

A Small Smash up on West Market Street Yesterday Afternoon

Two street cars had a small smash up on West Market street yesterday afternoon. The cars were going to the fair grounds and were loaded with people, but luckily no one was injured. The accident was not exactly [illegible] and the together and when they reached the regular stopping place at the railway crossing on West Market street the motorman on the rear car is said to have failed to put on the brakes, the result being that when the front car stopped the other car smashed into it. The passengers were shaken up considerably but as was said before no one was hurt.

Both of the cars were injured to such an extent that they had to be sent to the powerhouse for repairs.

TEN APPLICANTS PASSED

Qnt of the 23 Examined by the State Board of Pharmacy.

The following is a list of those who successfully passed the examination held here on Tueseday before the state board of pharmacy:

Ben. S. Barnes, Fayetteville, Holt C. Gray, Statesville; Karl L. Lawing, Lincolnton; Prince S. Leboohn, col., Wilmington; J. A. Rodgers, Wilmington; Thomas L. Streetman, Hendersonville; Matthews M. Sauls, Arden: William M. Stewart, Matthews; Henry G. White, Reidsville; Clinton R. Mayer, Charlotte.

Twenty-three applicants stood the examination for license, three being negroes.

"The Mascotte"

The attraction in the theatrical line last night was "The Mascotte," a comic opera, which was presented by the Boston Ideal Opera Company to a good audience. "The Mascotte" has been seen here many times before, but those who saw it last night seemed to enjoy it, as several of the numbers were heartily encored. Messrs. A. C. and F. O. Burgess are good comedians, and the voices of Mr. Weston and Miss Freeman were also good. The company will close their engagement here tonight, when they will play Gilbert and Sullivan's comic opera "Mikado."

THE LONG DISTANCE TROLLEY.

Winston Sentinel.

We are told that other parties than those first interested have taken up the matter of connecting up Winston-Salem, High Point and Greensboro by electric railroad, and that they mean business. Our informant thinks that the work of construction will be begun very soon. All three of the towns would be glad to see this road built.

COMMENT

On the Way in Which Greensboro Handled Reunion.

Raleigh Post: Our friends at Greensboro lost their fire-works by having their supply fall by the wayside enroute and thus fail to reach them, but they lacked nothing of genuine North Carolina fire. Even the bones of the fathers must have felt a pleasurable sensation in sympathy with the warmth of the living in their happiness on the occasion.

* * *

Wilmington Messenger: Didn't Greensboro cover herself all over with glory on Monday and Tuesday? We expect the reunion was a far greater success than her most sanguine citizens expected or even hoped for. We extend to her our hearty congratulations. These reunions should be held periodically, but Greensboro should not be selfish, and claim them all just because she originated the idea. They should be held in the different cities so that the visiting non-residents can have opportunity of seeing all sections of the state.

* * *

Roxboro Courier: That is a great time they are having in Greensboro this week, and Greensboro is doing as she always does—everything possible for the happiness of her visitors. There are attending the reunion, returned North Carolinaians from about 30 states, and they are all having a jolly good time. It makes one proud of his state to witness such scenes as are in Greensboro this week. It was a noble and patriotic action in the citizens of Greensboro when they put this plan of bringing the scattered North Carolinians together in the old state once again.

* * *

Reidsville Review: The Great Reunion of Native North Carolinians is on in full blast in Greensboro, and thousands of the wandering sons and daughters from distant states are enjoying the happy occasion. Twenty-six states were represented at the reunion exercises yesterday, and never in the history of the state has there gathered within her borders such a distinguished crowd of personages. Greensboro is entertaining the guests in grand style.

* * *

[illegible] morning returning home from Greensboro where he took part in the great reunion ceremonies. He declared to a Post writer that better hospitality was never shown by any people than that dispensed by the good people of Greensboro.

* * *

Raleigh Post: Hon. S. L. Patterson, commissioner of agriculture, returned to the city yesterday from Greensboro, where he took part in the ceremonies of the great reunion. He is enthusiastic over the success of the affair and declares that Greensboro covered itself with glory in the way in which the ceremonies were conducted.

* * *

Wilmington Messenger: Wilmington should make energetic efforts to secure the next reunion of the non-resident North Carolinians. If Greensboro could make such a success of the first affair of this kind Wilmington surely could do as well with the next one. Aside from the pleasant social features it would be a great thing for our city and section in a busines way. There is nothing like advertising, and this Greensboro reunion has advertised that city all over the United States, north and south, east and west, From this reunion much good will come to the central part of our state. There were present on that occasion, no doubt, many persons besides those who came to renew old associations—men who came to spy out the land and see how they could better their condition by making their future homes among us. These people saw progress and thrift and undeveloped resources which needed money and pluck to develop. There is no telling what good will come to central North Carolina from this assemblage of people of means and from beyond our borders

* * *

Alamance Gleaner: Greensboro has been a big attraction this week. The reunion of North Carolinians who live in other states Monday and Tuesday was a drawing card, and on this occasion hundreds again set their feet on their native heath. Of the 323,037 North Carolinians living in other states and have won fortune and fame in every walk of life, many were there. Greensboro put on her very Sundayest attire and did herself proud in every respect. She can accommodate more people and do it betetr than any city in the state, and on the occasion she was equal to the task.

DOWIE'S HOST MOVES ON.

Eight Special Trains Speeding Towards New York.

Chicago, Oct. 14.—As John Alexander Dowie, prophet, preacher and politician, ruler of a theocracy created by himself, captain of industry and crusader, stood on the rear platform of his palatial train, which left Zion City this afternoon for New York, he looked more like a Wall street financier than the leader of a religious movement.

He was stylishly dressed and his silk hat glistened in the beams of the sun, which suddenly shone out, perhaps as an augury of success for his plan to regenerate the American metropolis. But as he removed his hat, lifted one hand heavenward and his white hair and beard were thrown into picturesque disorder by the breeze he appeared every inch the patriarch.

"May the Lord bless you and all my people," he said simply to those who were being left behind. "May He keep watch over Zion in our absence. May he bless our work for the regeneration of the unrighteous of New York. Peace be unto thee."

And from the assembled crowds came the response.

"Peace multiply upon thee."

Dowie's standing army of peace, nearly 4,000 strong, with all the enthusiasm of Crusaders of the Middle Ages, but armed only with the Bible and religious tracts, is now on the way to establish the creed of "Elijah the Restorer" in Gotham and to petition at the door of every house that the dwellers reform their lives according to Dowie's plan. Eight special trains over as many roads left at different hours of the day, the first at 9:30 a. m. and the last—that of Dowie himself—at 3 p. m. One of the trains will go by way of Washington, and the excursionists will try to hold services on the steps of the capital. Failing in that, they will pray and sing at the foot of the Washington Monument of the coming restoration by "Elijah."

A RIVAL FOR DOWIE

German Calling Himself "John The Baptist".

New York, Oct. 14.—With a huge badge bearing the words "John the Baptist the Second," a German, about 60 years old, wearing a silk hat and suit of plain black, appeared on the street corners here today. His name is John Hoop, although he prefers to be called by the title of "John the Bap-

[illegible] keep Dowie, who is an imposter, from getting his evil power over the people. His system at Zion is pernicious, and I do not want to see him work the gullible people of Manhattan."

"Dowie is Judas Iscariot reincarnated," he declared, "I have come all the way from Cleveland to thwart his influence in New York."

A second company of scouts from the Zion army of Dowie's arrived at Madison Square. The main body of the Zion host is expected Thursday and Friday.

A 20 by 18 foot tank is being made for the immerson of Dowie's prospective converts. In the end of the hall, where the wheels of fortune sat, there is being constructed a choir loft for the 550 white-robed singers of Zion. The cafe and the concert room upstairs are being prepared for dining rooms. When the host arrives Friday morning it will be taken at once to the Garden for breakfast.

Dowie himself will reside in the Piazza Hotel, and a number of his officers will stay at the Park Avenue Hotel.

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhea seasickness, nausea. Pleasant to take. Acts promptly.

The Farmer's Foes

are weeds. Unless they are kept down, they divert the nutrition which the soil provides from the growing crops and ruin their productiveness.

Diseases are to the body what weeds are to the soil. They divert the nutrition which is necessary to sound health, and the body, instead of being strong and hardy, drags out a sickly existence. When the stomach is diseased, and the other organs of digestion and nutrition are involved with it, there is a constant loss of nutrition by the body. The stomache and its allied organs are not able to convert the foods into nourishment, and hence the body and its several organs are deprived of the necessary elements of vitality. What is known as "weak" heart or "weak" lungs, "weak" nerves and other forms of so-called weakness, are generally caused by "weak" stomach. When the stomach and the other organs of digestion and nutrition are cured, then the other diseases are cured with it. Diseases which are caused by a diseased condition of the stomach are cured through the stomach. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and its associated organs of digestion and nutrition. It cures through the stomach diseases of heart, lungs, liver and other organs. It increases the activity of the blood-making glands, so that the whole body is nourished by an abundant supply of pure blood, rich in the bright red corpuscles of health.

There is no alcohol in "Golden Medical Discovery" and it contains neither opium, cocaine, nor any other narcotic. It is strictly a temperance medicine.

Persons suffering from chronic forms of disease are invited to consult Dr. Pierce by letter *free*. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Suffered for Years.

"My gratitude to you and your 'Golden Medical Discovery' is so great," writes Mr. Ross Martin, of Arlee, Mason Co., West Virginia, "that I am at a loss to find words to express my true [illegible] had suffered for a number of years [illegible] try Dr. Pierce's Golden Medical Discovery, and after using it I was greatly relieved. I have all faith that it has saved my life.

"I have one of your medical books and think it a grand work."

Torpid Liver Cured.

"I was a sufferer from torpid liver for over a year," writes Mrs. Nora Willis, of Wheatfield, Jasper Co., Ind., "and could not sleep, nor eat but very little, and then it would cause me great distress. I tried several doctors but got no relief. Was advised by a friend to write to Dr. Pierce, which I did, and in a few days I received a letter advising me to take his 'Golden Medical Discovery' and also his 'Pleasant Pellets.' After I had taken only half a bottle I was greatly improved. I only took three bottles of the 'Golden Medical Discovery' and two vials of the 'Pellets,' and, thanks to Dr. Pierce and his wonderful medicine, I am as well as ever in my life, and feel that life is worth living after all.

"Last winter I took a severe cold which resulted in pleurisy. Tongue can not tell what I suffered. For two nights and two days I could not move without it nearly killed me. I told my husband I could not endure another night of suffering. The weather was so cold and stormy that it was almost too bad for any one to go six miles to town, but he went, and got a bottle of Dr. Pierce's Extract of Smart-Weed, which gave me instant relief. I can say that for all pains that I have tried it for it has worked like magic. We keep a bottle of the 'Smart-Weed' in the house all the time. I cannot thank Dr. Pierce enough for what he has done for me."

Constipation has almost countless consequences. Dr. Pierce's Pleasant Pellets cure constipation and cure its consequences. They should always be used with "Golden Medical Discovery," when the use of a laxative is indicated.

Natural Resentment.

Chicago Tribune.

"We haven't any victuals," said the man of the house, a tall individual with a chest measurement of thirty-four inches, "but here's one of my old coats you can have."

Tuffold Knutt, whose girth was nearer forty-four inches, looked at the garment and then at the owner.

"Mister," he said, with frigid dignity, "w'en you want to give away any of yer old clothes you'd ort to take somebody o' yer size!"

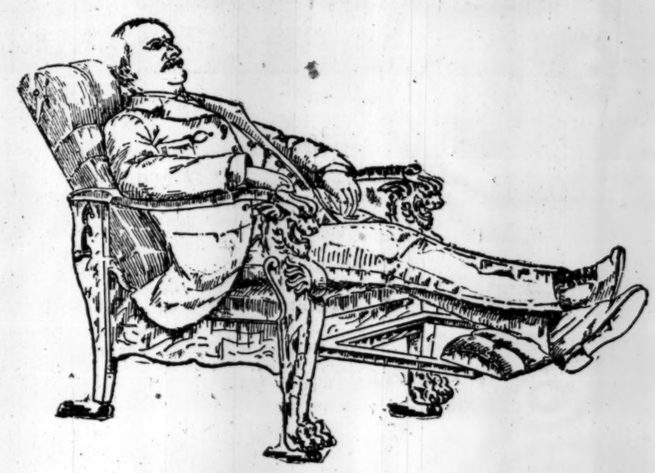
NEW MILLINERY NEW

We are now ready for business and will fill all orders promptly. Everything is new and of the latest styles. We are always glad to see our old and new friends.

MRS. ROSA HAMNER CARTER.
107 West Market Street.

1903 REUNION

Of All Old North Carolinians,



Including McDuffie's Multitude of Furniture Customers, who are invited to make his big furniture store headquarters, which is the oldest, largest and cheapest Furniture Store in the city. The vast number of intelligent buyers who have patronized us for years are so many recommendations for us. Keeping to the front and apace of the times, as we do, always showing the newest and best Furniture out, makes us the envy of our competitors, and buying for cash at headquarters in large quantities, places us in a most admirable position to undersell other dealers.

N. J. McDUFFIE,

A SICK MAN

Cannot Afford to be Skeptical Concerning My Method of Curing Disease.

He should carefully investigate all my claims before he forms an opinion as to the merits of my system. He is not serving his own best interests when he refuses to investigate, for no sick person can afford to remain sick when it is possible for him to be restored to a condition of perfect health. The cures that I have effected right here in Greensboro in the last few months are sufficient to convince any fair-minded person that my method is successful in overcoming disease. The fact that every one of these cases had been attended for a number of years by the best medical physicians of Guilford county with little or no benefit is indisputable evidence that my method is superior to drugs and medicine.

Within the last few months I have cured by my Life System one or more severe cases of the following named diseases: Lumbago, Intercostal Neuralgia, Rheumatism, Catarrh of the Stomach, Dyspepsia, Consumption, Bronchitis, Catarrh of the Nose and Throat, Hemorrhoids, Gastritis, Tumor, Chronic Constipation, Inflammation of the Bladder, Insomnia, both Nervous and Organic Heart Disease, Conjunctivitis, Astigmatism and a number of diseases peculiar to women.

I give below names and addresses of a few well-known people who recommend my system:

Mrs. M. F. Jeffries, 420 W. Bragg Street.
Mr. R. J. Allen, 324 E. Bragg Street.
Mrs. P. J. Crim, Winston-Salem.
Mr. P. Q. Weathersbee, Durham.

Spent $104,000,000 On Lines

New York, Oct. 13.—More than $104,348,000 has been spent within the last three years upon betterments, line changes and equipment for the aggregate Harriman railroad system, according to an official estimate made by J. C. Stubbs, traffic director of the system. Mr. Stubbs, in speaking of these expeditures said:

"The aggregate expenditures of all the companies—more than $100,000,000—will be greatly increased by appropriations for work now under way, and is more than the total estimated expenditures for the completion of the Panama canal. Despite the fact that over $43,000,000 has been spent in the last three years for new locomotives and cars, the volume of traffic today is greater than the facilities of the Harriman lines for handling it. This is especially true of the Southern Pacific. The Union Pacific is perhaps in the best shape so far as equipment is concerned, but it has no surplus of cars or engines."

A WOMAN'S BACK.

THE ACHES AND PAINS WILL DISAPPEAR IF THE ADVICE OF THIS GREENSBORO CITIZEN IS FOLLOWED.

A woman's back has many aches and pains.
Most times 'tis the kidneys fault.
Backache is really kidney ache.
That's why Doan's Kidney Pills cure it.
Many Greensboro women know this.
Read what one has to say about it.

Mrs. Malinda J. Baxter, residing at 444 Church street, says: "An attack of the grip left mea sufferer from kidney trouble. I had most distressing pains across the small of my back and through the kidneys. I doctored almost continually, taking quantities of medicine and getting no relief. I almost despaired of ever becoming well. Even the moving or lifting of a chair caused sharp pains in my back kil- caused shap pains in my kidneys. A friend advised the use of Doan's Kidney Pills so I procured a box at Holton's drug store, and I must say their use wonderfully improved my condition not only as to the kidneys but my general health is better."

Sold by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

MR. CLEVELAND IN CHICAGO.

We wouldn't dare to impute any selfish motives to Mr. Cleveland but we wonder if he would have made such a cracking good speech at Chicago if he hadn't, deep down in his heart, cherished the picture of a revivified democracy rising in its might and thrusting the presidential nomination upon him whether or no. It was, as he said, an old, old subject that he took, namely, the necessity for a wider interest in politics on the part of good men, but it is a subject that, in our country, never loses its timeliness nor its importance to the welfare of the country. How shall we purify politics? That is the question Mr. Cleveland essays to answer, and though his speech was a long one the answer to the question he propounded is well summed up in a few words which he used:

"Give to our people something that will concentrate their common affection and solicitous care—and let that be their country's good; give them a purpose that stimulates them to unite in lofty endeavor—and let that purpose be a demonstration of the sufficiency and beneficence of our popular rule—and we shall find that in their political thought there will be no place for the suggestions of sordidness and pelf."

Now, that is not at all fanciful or impossible. In brief, it is an injunction to every man to get into politics for the sake of his country.

Mr. Cleveland's advice, we believe, is being taken more largely now than ever before. There is also room for the belief that it is going to be yet more largely taken in the future. The men who don't want office, who havn't a relative or a friend whom they want to have office, and who think a little bit less of a man for clamoring for office—these are the men Mr Cleveland is urging to throw down the political gage and, as we have stated, they are heeding his words.

Just how far Mr. Cleveland went towards carrying out in practical politics what he now recommends in theoretical politics one cannot say, but this does not prevent his words delivered at Chicago from having a great deal of truth and soundness in them.

BURGHERS IN CLOVER.

Baltimore Sun.

People who think the Boer has not a well-developed sense of humor are in totatl ignorance of the characteristics of a sturdy race. There are in India at the present time 518 burghers, who are held as prisoners of war by the British government. They could return to South Africa in freedom if they would consent to take the oath of allegiance to King Edward. It appears, however, that they have heard that prosperity has not yet made its appearance in the Transvaal, and that a man has to do an enormous amount of labor there to earn enough to buy a square meal. Peace was declared 16 months ago, but these burghers are apparently unwilling to be reconstructed as long as their irreconcilable attitude insures them, without any toil on their part, three square meals a day at the expense of the British government. The joke is now beginning to pall on John Bull, who has sent Generals Botha, De Wet and Delarey to India to entreat these recalcitrant burghers to take the oath, return to South Africa and work for a living For a year and a half the irreconcilables have enjoyed good table board and comfortable quarters, with John Bull as host and landlord. They have become enamored of this way of living, and have decided to maintain their irreconcilable attitude as long as the British government pays for their meals and lodging. They have a "soft snap" and intend to be "disloyal" and hold on to it until conditions improve in South Africa. The Boer is not only a first-rate fighting man, but a fellow of infinite jest.

Ten Thousand Churches

In the United States have used the Longman & Martinez Pure Paints.

Every church will be given a liberal quantity whenever they paint.

Don't pay $1.50 a gallon for Linseed oil (worth 60 cents) which you do when you buy thin paint in a can with a paint label on it.

8 & 6 make 14, therefore when you want fourteen gallons of paint, buy only eight gallons of L & M. and mix six gallons of pure linseed oil with it.

You need only four gallons of L & M. Paint and three gallons of oil mixed therewith to paint a good sized house.

Houses painted with these paints never grow shabby, even after 18 years

These celebrated paints are sold by Holt & May, Burlington; High Point Hardware Co., High Point; L. W. Elliott, Thomasville; Gibsonville Store Co., Gibsonville. All L. & M. Paint will be delivered in Greensboro, from any of the above agencies.

"Sing their own praise."

One of the greatest characteristics of the past and present day is

INDIVIDUALITY.

The individuality of the Stieff Piano is its chief charm. There is NO other piano just like the Stieff. Others try to imitate but somehow they fail to reach that "everything"—that "individuality characteristic of the Stieff Piano.

The Stieff Piano

Enjoys still another "individuality" foreign to any other great make. It is sold direct to the user instead of the to the retail dealer to resell. This individuality keeps the retail dealers' big profits in your home, and yet you secure an ideal piano, one that will meet every demand of the greatest pianist or most exacting musician. It costs no more than a medium grade, or more likely cheap thump-box through the middleman.

OUR OWN DEAR HOME.

Contributed.

Home, dear home, we never can forget;
Friends, dear friends, we often there have met;
Press'd by care, or pierced by grief,
Home has afforded us a sweet relief.
Tender memories round thee twine,
Like the ivy green round the pine;
Over land and sea we may roam,
Still will we cherish thee, our own dear home.
Lured by gain we seek a foreign shore,
Worn and weary heap the golden ore;
Still our yearnning hearts demand
Rest in the homestead in our native land.
On the gilded page of earthly fame
Some may pant to register their name;
Round our names no wreath may be,
But you may read them on the old home tree.
Painted pleasure holds the flowing bowl,
Mirth and music lure the careless soul;
But with us at home, you'll find
Home joys that never leave a sting behind.
Firmly bound by silver chains of love,
Here are foretastes of home above;
Thou from whom all blessings come,
Help us to praise Thee for a Christian home.

HOW OLD IS ANN?

New York World.

This is the problem:

Mary is 24 years old. Mary is twice as old as Ann was when Mary was as old as Ann is now. How old is Ann?

The puzzle has come, been seen and has conquered at Harvard University. It is mightier at tackle than football. It has caught New England in its compelling grasp. Out of the figuring that it has evoked in the east the slate and pencil industries are expecting a boom to banish all thoughts of a winter of discontent.

In its simplicity is the alluring strength of this problem. The statement of terms involved perfect frankness and no useless multiplication of words. "Mary is 24 years old," and so forth. Odorable Mary! But behold at the finish the leading question, "How old is Ann?"

Can you tell?

MEDIEVAL INVENTIONS.

New York Sun.

Galileo had just invented the pendulum.

"Gee whiz!" cried the frightened Florentines; "our wives can now tell what time of night we come home from the lodge!"

Perceiving the danger, they hauled him before the inquisition on a trumped-up charge of heresy.

King Lear was wandering through the storm.

"And did your daughter drive you out?" asked Poor Tom.

"Worse! Worse than that!" groaned the outraged old monarch. "They tried to make me sit in their cozy corner."

Grasping his hand in silent sympathy the young man led him into the hut.

NEGRO GOT HUNGRY.

One of the negroes who works at the express office at the station got hungry last night and proceded to help himself to some link sausage that were in a box in the express office. He was caught eating the sausage and the express agent had him arrested. When the officer took charge of the man he found his pockets filled with sausage. He was locked up and will be tried this afternoon.

IT WORKS

The Laborer Eats Food That Would Wreck an Office Man.

Men who are actively engaged at hard work can sometimes eat food that would wreck a man who is more closely confined.

This is illustrated in the following story: "I was for 12 years clerk in a store working actively and drank coffee all the time without much trouble until after I entered the telegraph service.

"There I got very little exercise and drink strong coffee my nerves grew unsteady and my stomach got weak and I was soon a very sick man. I quit meat and tobacco and in fact I stopped eating everything which I thought might affect me except coffee but still my condition grew worse and I was all but a wreck.

"I finally quit coffee and commenced to use Postum a few years ago and I am speaking the truth when I say my condition commenced to improve immediately and today I am well and can eat anything I want without any bad effects, all due to shifting from coffee to Postum Cereal Coffee.

"I told my wife today I believed I could digest a brick if I had a cup of Postum to go with it. We make it according to directions boiling it full 20 minutes and use good rich cream and it is certainly delicious." Name gven by Postum Co., Battle Creek, Mich.

Mrs. Patterson

Made Miserable by Neuralgia.

1615 Bedford Avenue, Pittsburg, Pa. Aug. 27, 1903.

Mrs Nora Patterson Says: *"For many years the pains of neuralgia kept me from sleeping. I became nervous and irritable and felt generally miserable. I consulted my fawily doctor and he prescribed for me, but still I could not sleep. A friend advised me to take Paine's Celery Compound. I hesitated a long time for I never had any faith in advertised medicines. Finally I tried a bottle and I felt such an improvement that I continued to take it until I had taken three bottles. It completely restored my health and I can sleep now as well as anyone. My nervousness has disappeared and my appetite is fine."*

Pennsy Has Reached Limit.

Philadelphia, Oct. 13.—There is no immediate prospect that the present employes of the Pennsylvania Railroad will suffer through a further retrenchment in the running expenses of that system. It seems to be the general sentiment that the limit of curtailment has been reached for the present at least. W. W. Atterbury, general manager, said:

"We laid off a number of men some time ago because we considered that the exigencies of the situaiton demanded it. There is no immediate prospect of a further retrenchment."

Another officer said:

"It is due entirely to the general situation which affects the country. There is little building going on, therefore there is little structural material being made and less for the railroads to carry. We do not need so many men now because our business does not demand them. The only thing to do was to reduce the force. You may be surprised to know that we are nearer normal conditions than we were a year ago."

Gray From Pain

Richmond Times-Dispatch, 15th.

"I have had a most remarkable experience during my present trip here," said Colonel B. H. Mercer, the popular representative of H. B. Grantley, cigar manufacturer, of Philadelphia, who is stopping at Murphy's.

"When I came here two weeks ago," he continued, "there was not a streak of gray hair in my head, I have been suffering since from a severe attack of sciatica, and now you see the change." The commercial man lifted his hat, and his hair, but recently black, was of a distinct iron gray tinge. Colonel Mercer was in bed for about ten days, and he says he suffered the most excruciating pains, and this is the only way he can account for the change in the color of his hair.

A THOUGHTFUL MAN.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Holton's Drug Store, Conyers & Sykes, proprietors.

New York, Oct. 14.—Henry C. Perkins, aged 65 years, a cotton merchant died suddenly of heart disease today in his office in Wall street. Without warning he fell lifeless from his chair.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwell, Conn.

Popular Ashville Man Dead.

Asheville Gazette-News, 14th.

A message received last night from Cleveland, O., conveyed the sad intelligence of the death of Lawrence P. McLoud. which occurred shortly after 7 o'clock. Messages received by relatives here early yesterday morning and during the afternoon told of Mr. McLoud's critical condition and gave little hope of his lasting through the night.

The accident which cost Mr. McLoud his life occurred in Cleveland last Wednesday and was the result of a collision between an automobile in which he was riding and a heavily laden truck wagon. Mr. McLoud and his friend, Mr. Parson, were going to their homes. The night was dark and rainy and Mr. Parson was driving the automobile at a rapid rate of speed. Owing to the darkness of the night the truck was not seen until too late to stop the machine. In the smash-up Mr. McLoud was thrown under the wreckage and was terribly injured about the abdomen. Although suffering agonies he dragged himself across the street and there waited until assistance came. Mr. Parson in the meantime was lying beside the wrecked machine in an insensible condition.

A PERFECT PAINLESS PILL.

is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectually are De Witt's Little Early Risers. Bob Moore, of Lafayette, Ind., says: "All other pills i have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect. Sold by Howard Gardner.

Woodson Sets Himself Straight

Richmond-Times Dispatch, 15th.

Either the telegraph man or the linotype artist made our staff correspondent say yesterday in his special dispatch from Greensboro that which he never wrote when they or he made him give it as the opinion of students of revolutionary history that "if he (Washington) has been in the battle of Guilford Courthouse there would have been no surrender at Yorktown."

In the first place, such a sentence is meaningless, and in the second place it was not written. The staff correspondent was commenting upon the far-reaching importance of General Nathaniel Greene's fight at Guilford, claiming that he so weakened Cornwallis that the latter was easily captured by Washington and Rochambeau at Yorktown, and what was written as the conclusion was this: "It is the opinion of careful students of revolutionary history that if there had been no battle at Guilford Courthouse there would have been no surrender at Yorktown."

ROBBED THE GRAVE.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters, to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at Holton's Drug Store, Conyers & Sykes, proprietors.

New Orleans, Oct. 14.—A number of non-union coal wheelers were fired on by strikers as they were about to land today from a tug. One was fatally wounded, but no others were injured.

A sample sufficient for a test will be mailed free on request. 25 cents bottles at all drug stores. Humphreys' Medicine Co., Corner William and John streets, New York.

Gallant Sir Thomas.

Washington, Oct. 14.—Did Sir Thomas Lipton leave his heart in Washington?

The handsome young woman who acts as librarian in the pavilion for the blind at the congressional library may be able to answer this question. When Sir Thomas Lipton was here in the early summer this room in the great library building was the spot that seemed to attract him most. He has read of Miss Etta Joselyn Giffin and her work among the blind readers who frequent this pavilion in one of our leading magazines. One day he lingered long to talk with Mis Giffin, who wore a four leaved clover. Sir Thomas noticed it.

"It's not a shamrock," Miss Giffin said.

"Would you wear a shamrock if you had one?" Sir Thomas asked. Miss Giffin said she would.

A few days after this a package came to Miss Giffin with a handsome pin bearing an enameled shamrock and an invitation to visit the Erin. Miss Giffin sent a note, thanking Sir Thomas for the shamrock but failed to mention the invitation. By return mail a second invitation came. Miss Giffin saw the races on the Erin as the guest of Sir Thomas Lipton.

DIETING INVITES DISEASE.

To cure Dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat and is a never failing cure for indigestion. Dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by Howard Gardner.

A COUGH IS ONLY A SYMPTOM. A cough is not a disease but a symtom of disease. A cough always indicates that either the throat or lungs are affected. When the mucus lining of the throat or lungs, becomes inflamed the irritation causes coughing. Don't neglect a cough. It may be the symptom of serious throat or lung disease. Rydales Elixir kills the germs that cause the trouble, soothes the irritated mucus membrane, gently stimulates the nerves that control the respiratory organs and thus helps nature to speedily restore normal conditions and healthy action.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

Chances of the Combat.

Sam W. Small.

If only Russia and Japan fight out the issue it is very generally conceded that Japan stands the better chance to win out. Her fleet is disposed to catch the Russian ships divided and whip them by squadrons. Her officers and seamen are the superiors of the Russians and her vessels armed with the latest and best equipments. She is a battle-bird on the water.

On land the forces of Japan can hold their own with all that Russia can bring against them. The relative strength of the armies of e ach that are available for active hostilities is as follows:

RUSSIA'S ARMY.

In Manchuria	50,000
At Port Arthur and Talienwai	90,000
On Railway lines	110,000
Total	250,000

JAPAN'S ARMY.

Regulars	167,629
Reserves and Landwehr	302,831
First and second depots	161,547
Total	632,007

Russia might throw a few more score thousand across 6,000 miles between St. Petersburg and Yalu river, but she can scarcely spare them from the duty they now have on hand of repressing home troubles and fighting the brigands of the Siberian re-

STOMACH TROUBLE CAUSES HEART TROUBLE.

Heart trouble is almost always caused by stomach trouble. The stomach fails to digest all the food, and the residue ferments, forming excess of gas which distends the walls of the stomach, causing a pressure on the nerves and arteries that lead to the heart. This causes the heart to palpitate or skip a beat occasionally, or both, which is usually very alarming, causing grave apprehensions. Rydales Stomach Tablets will prevent this trouble. They digest the food and prevent gas from forming in the stomach. If there is no gas in your stomach your heart will not trouble you.

BIG NEW YORK PRODUCTION.

Miss Marie Wainwright and Star Company will Present a Magnificent Shakespearean Production at the Grand tomorrow night. Sale of Seats will Commence Saturday —

One of the most distinguished American actresses, Miss Marie Wainwright, will appear at the Grand tomorrow night, presenting a magnificent revival of Shakespeare's "Twelfth Night." The local playhouse nor any other theatre in the south will not make a more elaborate or expensive offering than this one this season. It will be a brilliant society event.

Miss Wainwright's production is one of the most elaborate and splendidly gorgeous ones that comedy has ever been given. When it is considered that only the greatest actresses have essayed this character and that great productions of this play have been made in England and America, the full import of this announcement will be understood. Miss Marie Wainwright

MARIE WAINWRIGHT. "VIOLA" IN "TWELFTH NIGHT."

is without question the best Shakespearean actress before the public today. She is not only the youngest of the great Shakespearean artists, but the greatest of them all. In the dual role of Viola and Cesario in "Twelfth Night," which she has played more than a thousand times, she is unequalled. In making this revival Jules Murry her manager, has given his stage directors carte blanche, and the result is that the scenic environment, the electrical equipment, the properties, paraphernalia and costuming are as near perfect as money, experience and good judgment can make them. Advance sale of seats now on.

BEWILDERING HOITY TOITY NEXT TUESDAY.

"Hoity Toity", which comes to the Grand next Tuesday night, has reaped the benefit of this condition, as Weber & Fields, finding that they had a greater number of girls engaged than they could comfortably use at their Broadway Theatre, transferred twenty-four of the most talented to this organization: and it is said that the "Hoity Toity" chorus, from a beauty, singing and the acme of poetic movement in dances and stage pictures, will be a revelation. As with Weber & Fields' own home company, the costumes are said to be stunningly original and beautiful, and in such profusion that the eye almost wearies of the kaleidoscopical changes.

Keeping Pace.

To keep pace with our achievements in other lines of business, apparent to every one and especially to those who after long absence now honor us with their presence, the Southern Loan and Trust Company of Greensboro, N. C., with capital and surplus of over $210,000 has lately organized an old line life insurance department.

The "Trust Bonds" issued by this company furnish every desirable feature of modern life insurance, and are sold at "Protection Rates," that is, rates sufficient to support the contracts and defray legitimate expenses, but stripped of all loading from which to estimate Dividends, Bonuses, Surplus Accumulations, Distribution Funds and other such vague quantities.

Send your name, address and age to the company's home office for particulars of a policy on your life.

NURSE'S ROMANCE BLIGHTS HER MIND.

Did Not Know That the Man She Won Back to Health Was Married.

New York World.

Led into a love which changed life's meaning for her, the reason of truthful Margaret Ansing tottered when she learned that it was a forbidden affection, and she was placed in the psychopathic ward of Bellevue Hospital last night for observation.

The man whom she innocently admitted into her life was a patient in the German Hospital, Seventy-sixth street and Park avenue, where Miss Ansing, who is twenty-nine years old, was employed as a nurse. She has charge of the male surgical ward, and there in the line of duty, she was called upon to win back to health the man for love of whom her mind is failing.

She was highly regarded in the hospital, from which she epected to be graduated in less than a year. It was therefore with keen regret that Dr. A. Jacoby, and other nurses, observed about two weeks ago, they say, a pitiful change in her mental condition. This followed immediately ofter the discharge from her ward of the man who owed his recovery to her.

Miss Ansing wrote to him after his departure from the hospital, telling of her love and hopes. These tender missives fell into the hands of the man's wife, of whose existence the girl was wholly ignorant, and she made inquiries at the hospital. A few days later Miss Ansing saw the man and his wife out walking. She returned to the hospital in a daze. She then became melancholy.

The man's wife wrote to Mrs. Whilither, superintendent of the Training School for Nurses, and on Monday Miss Ansing was requested to resign. This addition to her great sorrow completely overwhelmed her. She said she had nothing to live for. She became violent during the night and nurses guarded her.

Yesterday she refused to eat, and Dr. Jacoby and Mrs. Elizabeth Linghermer accompanied her to Bellevue, where she will be treated.

BUCHANAN'S WIFE VISITS HIM.

Called To See Him at the General Hospital in Danville.

Danville Bee, 2nd.

Mrs. S. P. Buchanan, the wife of the man who was the victim of the sensational shooting at the home of Mrs. W. T. White last Saturday night, arrived in the city today from Jonesboro, N. C., and was at the bedside of her husband at the hospital this morning.

The condition of the wounded man is favorable for his recovery and the physicians attending him have hopes that he will be out by next Monday to attend the investigation of the affair in the mayor's court. Mrs. White, who is charged by Mr. Buchanan with the shooting is under a bond of $250 for her appearance at the trial.

Mrs. Buchanan, it is understood, will return to Jonesboro this afternoon unless there is a change for the worse in the condition of her husband. She has made no public statement relative to the shooting, and it is said looks at it with a philosophical view. Mrs. Buchanan expressed her regrets of the occurrence and her sorrow because of the wounding of Mr. Buchanan.

Mr. W. F. Murchison, an attorney at Jonesboro, N. C., and who is a partner of Mr. Buchanan in the banking business at that place, is still in Danville.

THE BEST LINIMENT.

"Chamberlain's Pain Balm is considered the best liniment on the market," writes Post & Bliss, of Georgia, Vt. No other liniment will heal a cut or bruise so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lame back and pains in the chest. Give this liniment a trial and you will never wish to be without it. Sold by Holton's Drug Store.

The Bravest Lover.

How bravest that brave lover is
Who loves all things beneath the sun,
Then finds all women in just one,
And finds all fortunes in one kiss!
How wisely born, now more than wise
How wisely learned must be that soul
Who loves all earth, all paradise,
All peoples, places, pole to pole,
Yet in one kiss includes the whole!
—Joaquin Miller, in Smart Set.

QUICK ARREST.

J. A. Gulledge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at all drug stores.

Winning candidates always say that it was a case of the office seeking the man.

A SURE THING.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepardtown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by all Druggist. Mr. Cortelyou may yet reply to Judge Parker's charges, but he has waited so long that it will be plain that he was terribly at a loss for a reply at first.

The Japs with their usual enterprise endeavored to do the handsome thing by the Mikado by presenting him with the stronghold of Port Arthur as a birthday present.

It appears that Judge Parker is more of an orator than he knew. It is undoubtedly "up to" him and we understand that to be a consideration which makes a man let himself out to the limit.

Mr. Urey Woodson, secretary of the democratic national committee, referring to the doom of the republican party in this campaign says it is a case of the hog's eyes being "sot." It looks that way.

The big papers which are supporting Judge Parker say that he had proof of his accusations that the trusts are financing the republican campaign before he made them. The judge is not the man he is commonly believed to be if he didn't have the proof.

Here is an advertisement in yesterday's Baltimore Sun: "The hour and the man have met, and his name is Alton B. Parker.—A last word to Maryland democrats. Saturday evening, November 5, at 8 o'clock. Addresses will be delivered by Hon. Charles B. Aycock, governor of North Carolina; Hon. William H. Page, of New York; Hon. John Temples Graves, of Georgia; and probably Senator Arthur P. Gorman." From this it appears that our governor is going to figure in a most important occasion. It is greatly to be regretted that circumstances were such that he could not engage more largely in the campaign for he would have been a vote-getter in the doubtful states.

Judging from the crowd out to hear Senator Overman last night, General Apathy has not pitched his camp in these parts. The courthouse was full. The audience was remarkable for the attention it gave the speaker. They showed themselves to be thinking men, men who went to hear the issues realy discussed. And they were treated to a splendid address. Senator Overman is a practical, vigorous, straightforward talker. He made a fine impression.

Mr. Fairbanks calls Judge Parker's charges against Cortelyou "personalities." This is rather a tame way of answering the charges.

Without New York?

It is conceded that Mr. Roosevelt can be elected without the vote of New York. It has been assumed that Mr. Parker cannot be elected without the vote of his own State. Is this assumption well founded?

The electoral votes conceded to Parker are those of the solid South, 151. To these may be added as reasonably certain, Delaware 3, Maryland 8 and West Virginia 7—making 169, or 70 votes short of the majority, 239.

Is it possible to get these without New York?

The following States which voted in 1892 for Cleveland (who would have been elected without New York) would supply them, with 13 votes to spare: California, 10; Connecticut, 6; Illinois, 27; Indiana, 15; New Jersey, 12; Wisconsin, 13—83 in all.

There is another possibility in the votes of the mountain States which have heretofore been anti-republican. The Southern and border States (169), with New Jersey, Connecticut and Indiana (33), leave only 37 more to gain. These could be supplied, with two to spare, by these States, which were carried by Cleveland or Bryan or both: California, 10; Colorado, 5; Idaho, 3; Montana, 3; Nevada, 3; South Dakota, 4; Utah, 3; Washington, 5; Wyoming, 3;—39 in all, or just the equivalent of New York.

The World makes no predictions or claims in this calculation. It is not in the prophesying business this year. It simply gives two combinations that would elect Parker without New York. As this State is quite as likely to vote for him as is any other of the really doubtful States, and as New Jersey, Connecticut and Indiana almost invariably vote with New York, it will be seen that there are very interesting possibilities in the result.—New York World.

STOVE WORTH A KISS.

Departing Husband Kept Stove And Didn't Return Kiss.

Richmond, Va., Nov. 2.—That the kiss of a pretty woman is worth just as much as a stove is the question which was settled by a jury of Pittsylvania county, and the party decided to have taken no appeal.

Some months ago James S. Ellison decided to separate. Ellison and his wife is only 21. They divided their house hold goods evenly, but one piece was a stove worth $25. Mrs. Ellison testified that they failed to agree upon this, and she agreed to give him a kiss for it, that the proposition was duly accepted and the goods delivered upon the spot. Despite this, she alleges, Ellison took the stove away from her and did not, of course, return the kiss. The jury, after brief deliberation, decided that the stove was the property of Mrs. Ellison, the kiss being worth fully as much as the article in dispute.

The aged husband, however, was not at all pleased with the decision and has brought suit for divorce. He holds that the kiss and the stove might have been of equal value last summer, but that it is a different proposition when winter is impending.

DECLARES FOR PARKER.

West Virginia Steamboat Captain Converted by Slocum Investigation.

Wheeling, W. Va., Oct. 31.—Capt. William Bay, owner of three Ohio River packets, has renounced republicanism and will cast his first democratic vote a week hence for Parker and Davis. He has served nottice on all his employes to do the same. He owns the Greenland, Ruth, No. 1, and Ruth, No. 2, all trade steamboats, and employs about 100 men.

Capt. Bay declares governmental inspection of vessels is a farce, and his conversion to democracy follows the revelations following the investigation of the Slocum disaster in New York. If the government's inspectors had done their duty, he says, the Slocum disaster would not have occurred. He advocates a clean sweep in national affairs.

Capt. Bay, who is one of the best known steamboat men on the Upper Ohio Valley, lives near Sistersville, W. V., and all his boats run out of Wheeling.

"WHACKS."

And What They Mean.

When Old Mother Nature gives you a "whack" remember "there's a reason" so try and say "thank you" then set about finding what you have done to demand the rebuke, and try and get back into line, for that's the happy place after all.

Curious how many highly organized people fail to appreciate and heed the first little, gentle "whacks" of the good old Dame, but go right along with the habit whatever it may be, that causes her disapproval. Whiskey, Tobacco, Coffee, Tea or other unnatural treatment of the body, until serious illness sets in or some chronic disease.

Some people seem to get on very well with those things for awhile, and Mother Nature apparently cares but little what they do.

Perhaps she has no particular plans for them and thinks it little use to waste time in their training.

There are people, however, who seem to be selected by nature to "do things." The old mother expects them to carry out some department of her great work. A portion of these selected ones oft and again seem to stimulate and then deaden the tool (the boy) by some one or more of the drugs—Whiskey, Tobacco, Coffee, Tea, Morphine, etc.

You know all of these throw down the same class of alkaloids in Chemical analysis. They stimulate and then depress. They take from man or woman the power to do his or her best work.

After these people have drugged for a time, they get a hint, or mild "whack" to remind them that they have work to do, a mission to perform, and should be about the business, but are loafing along the wayside and become unfitted for the fame and fortune that waits for them if they but stick to the course and keep the body clear of obstructions so it can carry out the behests of the mind.

Sickness is a call to "come up higher".

These hints come in various forms. It may be stomach trouble or bowels, heart, eyes, kidneys or general nervous prostration. You may depend upon it when a "whack" comes it's a warning to quit some abuse and do the right and fair thing with the body.

Perhaps it is coffee drinking that offends; That is one of the greatest causes of human disorder among Americans.

Now then if Mother Nature is gentle with you and only gives light, little "whacks" at first to attract attention, don't abuse her consideration, or she will soon hit you harder, sure.

And you may also be sure she will hit you very, very hard if you insist on following the way you have been going.

It seems hard work to give up a habit, and we try all sorts of plans to charge our ill feelings to some other cause than the real one.

Coffee drinkers when ill will attribute the trouble to bad food, malaria, overwork and what not, but they keep on being sick and gradually getting worse until they are finally forced to quit entirely, even the "only one cup a day." Then they begin to get better, and unless they have v e t ..GddCP'beo d8t ep they have gone long enough to set up some fixed organic disease, they generally get entirely well.

It is easy to quit coffee at once and for all, by having well made Postum, with its rich, deep, seal brown color which comes to the beautiful golden brown when good cream is added, and the crisp snap of good, mild Java is there if the Postum has been boiled long enough to bring it out.

It pays to be well and happy for good old Mother Nature then sends us her blessings of many and various kinds and helps us to gain fame and fortune.

Strip off the handicaps, leave out the deadening habits, heed Mother Nature's hints, quit being a loser and become a winner. She will help you sure if you cut out the things that keep you back.

"There's a reason" and a profound one.

Look in each package for a copy of the famous little book, "The Road to Wellville."

Clerk Tries to Stop Marriage of Youngster After Learning Age.

Fall River, Nov. 1.—Louis Tremblay, age 18, has been summoned to court to explain why he made false statements to City Clerk Brayton Saturday to procure a license to marry Jennie Gamache, aged fifteen. The Clerk learned the girl's age from her father an hour after the marriage license was issued, and telephoned to all the local ministers, but Cupid had won by ten minutes, the Rev. E. J. Ayres having performed the ceremony, although he thought the bride looked young.

Efforts to annul the marriage will be made, but Tremblay says he will marry the girl some time if the ceremony proves invalid, and the girl assents.

Opportunities in the South.

Rejoicing in the fact that capital is seeking investment in Southern industries, the Knoxville Sentinel says that "much unfair criticism has been indulged in by the outside world at what they have been pleased to term Southern apathy in the line of manufacturing and the dormant natural wealth that it possesses. The truth of the matter is that nature has been almost too bountiful to the Southern people, if such a thing could be. Before the civil war there was more money in raising cotton and slaves than in manufacturing. Since the war until the past decade, the necessary capital has been lacking for their development, as well as the skilled labor that is requisite in so many lines of manufacturing. But conditions are rapidly changing. Capital is becoming more abundant and skilled labor is moving Southward. The time is rapidly approaching when England, New England, and Pennsylvania, to use a common expression, will simply be not "in it" in comparison with the south."

Buries Appendix in Corner-Stone.

Cleveland, Nov. 2.—The laying of the corner-stone of the new Tavern Clubhouse was surrounded by much mystery, but the mystery has been dispelled by the announcement that the iron box imbedded in mortar contains the appendix of Robert L. Ireland, a prominent clubman of this city, a member of the firm of M. A. Hanna & Co., and former Vice-President of the American Shipbuilding Company.

Ireland has long been a conspicuous figure in local society, being a brother-in-law of the late Senator Hanna. The Tavern Club is one of the most exclusive clubs in the city. The ceremonies attending the laying of the corner-stone were performed at midnight Hallowen'en and partook somewhat of American festiveness. Ireland several weeks ago was operated upon for appendicitis and his appendix was removed and preserved in a little bottle of alcohol.

When it came Ireland's turn to deposit something in the iron box of the corner-stone he pulled from his pocket this little bottle declaiming:

"Such is my love for this club that I give a part of myself into the keeping of the corner-stone.

Little girl with dreamy eyes
Oh that you belonged to me
So that I could love and keep you
And you'd be my company,
Then I'd soothe your cares and sorrows
They that oftimes wreath your brow
So I'd hear you merry laughter
As at times I hear it now.

Little girlie dear I love you
With your curls a-hanging down
Sending forth your radiant sunshine
That dispels the gathering frown,
Dreamy eyes that laugh, then serious
How you captivate the heart
Lend to days of darkness, pleasure
That which makes of life a part.

THE LADIES favor painting their churches, and therefore we urge every Minister to remember we give a liberal quantity of the Longman & Martinez Paint toward the painting.

Wears and covers like gold.

Don't pay $1.50 a gallon for Linseed Oil (worth 60 cents) which you do when you buy other paints in a can with a paint label on it.

8 & 6 makes 14, therefore when you want fourteen gallons of paint, buy only eight of L. & M., and mix six gallons pure Linseed Oil with it, and thus get paint at less than $1.20 per gallon.

Many houses are well painted with four gallons of L. & M.. and three gallons of Linseed Oil mixed therewith.

These celebrated paints are sold by Holt & May, Burlington; High Point Hardware Co., High Point; L. W. Elliott, Thomasville; Gibsonville Store Co., Gibsonville.

THE CHRISTIAN churches of Constantinople, Turkey, and Yokahoma, Japan, have long used the Longman & Martinez Paints for painting their churches.

Liberal contributions of L. & M. Paint will be given for such purpose wherever a church is located.

F. M. Scofield, Harris Springs, S.C., writes: "I painted our old homestead with L. & M. twenty-six years ago. Not painted since; looks better than houses painted in the last four years"

W. B. Barr, Charleston, W. Va., writes: "Painted Frankenburg Block with L. & M. shows better than any buildings here have ever done; stands out as though varnished, and actual cost of paint was less than $1.20 per gallon. Wears and covers like gold."

These celebrated paints are sold by Holt & May, Burlington, High Point Hardware Co., High Point, L. W. Elliott, Thomasville, Gibsonville Store Co., Gibsonville.

To Voters of Guilford County.

There being some misunderstanding as to the registration for the coming election, it has been thought best to publish certain provisions of the law in regard to registration and voting.

The registration books will be opened in the various precincts throughout the City and county on each day from nine o'clock a. m. until sunset (Sundays excepted), up to and including Saturday, the 29th day of October.

On Saturdays the registration books will be at the voting places but at other times the registrar may keep the book at any other place.

Remember that registration in the city elections will not do any good for this election. The city registration book and the registration books for the state and national elections are entirely different. It makes no difference how many times you have registered and voted in the city elections you cannot vote at the coming election unless you register in the state and county registration books. Scores of voters make this mistake and on election day find that their names are not on the registration books. We are anxious to make Guilford county the banner democratic county of the state, and we trust you will not make this mistake.

The City of Greensboro is divided up into four precincts by Elm and Market streets. All that territory between North Elm and West Market is Precinct Number One. All that section between South Elm and West Market is Precinct Number Two. All that section between North Elm and East Market is Precinct Number Three. All that section between South Elm and East Market is Precinct Number Four. You must be registered in your own precinct.

If you have moved from one precinct to another in the last two years then you must have your name transferred to the precinct in which you now reside, subject however, to one exception, and that is, that if you have moved to another precinct within four months dating from the election day then you will have to transfer but can go back to your old precinct and vote. In other words, a removal to another precinct makes no difference until you have resided in the new precinct four months before the election.

The residence of a married man is where his family resides, and that of a single man is where he sleeps.

In order to avoid mistakes, we earnestly urge you to go to the registrar of your precinct and make sure that your name is properly registered. The registrars for the various precincts are as follows:

For the First Precinct: J. Palmer, and the voting place is at the County Court House.

For the Second Precinct: S. Glenn Brown, and the voting place is at J. R. Rich & Sons Plumbing shop, West Washington street.

For the Third Precinct: G. H. McKinney, and the voting place is at J. H. Wolf's Office.

For the Fourth Precinct: D. H. Collins and the voting place is at Eagle Hose Company's House.

These registrars will be at the voting places each Saturday up to and including the 29th. During the week they can be found at their offices or at other convenient places which can be learned by inquiry.

Yours very truly,
W. H. OSBORN, Chairman.
